Studying in Reutlingen

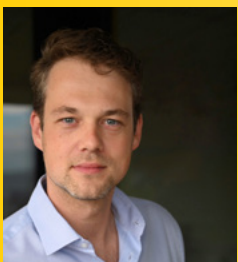

Reutlingen, with 100,000 residents, is a scenic city in Southwest Germany. Known as a tech-power-house, the area is home to major companies like Porsche, Mercedes Benz, Würth, Bosch and TeamViewer, as well as big names in medical technology such as Philips Medical Systems and Erbe Medical Electronics. The region also boasts hidden champions, recognized as „world market leaders of German Mittelstand“, contributing significantly to the global market.

As a leading institution for international and business-oriented education, Reutlingen University consistently ranks high nationwide. The campus provides optimal conditions for studying, researching, and student life, offering not only all common facilities but also notable features such as the Centre for Entrepreneurship, regular on-campus events with renowned companies and numerous high-end laboratories for applied sciences. With its approx. 5.000 students, Reutlingen University is characterized by a vibrant student life with numerous on- and off-campus activities and sports and leisure facilities. Reutlingen Campus is set close to the Swabian Alps, offering opportunities for hikes, mountain biking, and cultural explorations, with attractions such as Lichtenstein Castle and Stuttgart are nearby.
